

TIN35: Quinta das Corgas

8,000m2 quinta with stone ruin

Granite stone and concrete block ruin of about 40m2 for renovation on a very productive and fertile quinta in a peaceful and private location.

8,000m2 of flat land.

About half the land is good fertile soil for growing and is planted with many kinds of fruit and nut trees, vineyard, and olive trees. Fantastic for self-sufficiency / smallholding.

The other half of the land is pine forest with some eucalyptus trees - a plentiful source of firewood and timber for building.

2 wells and an irrigation tank.

Mains electricity about 400m away, solar power would be the best option.

Access is via a dirt track.

Situated just outside the village of Andorinha, between the market towns of Oliveira do Hospital and Tabua (both about 15 minutes drive).

Price: 35,000 euros
