

VG55-3: Coffee Shop (259)

Former tavern could convert to house

Old local coffee shop/tavern, no longer operational, overlooking river-lake.

You have the option to re-open the cafe-bar (would easily be a tourist attraction, as there's absolutely nothing else in such a lovely village) or alternatively, convert the whole house into habitation and living quarters.

Located in the Parish of Cernache do Bonjardim, right in front of the Zêzere river and with stunning views to the river-lake, to the hills around and to the sunset.

All facilities and amenities are in the vicinity.

Good access roads.

Not far away from the World Heritage town of Tomar and less than 2 hours from Lisbon and Porto airports.

Price: 55,000 euros
