

MOAB37: Nisa

Two small stone barns on 3.3 hectares with 300 olive trees

Two small barns for conversion / renovation on 3.3 hectare olive grove

25m² barn without roof (could be transformed into house) and 12m² barn.

Land of 3.3 hectares (33,000m²) with around 300 olive trees.

There is a small well and a bigger one. The bigger well collapsed, but still fills up with water!

The terrain has a very cosy atmosphere thanks to its gentle slopes and terraces.

The property has good access by earth roads over 1km.

The location is very quiet. There are no direct neighbours and there is no public passage of any kind.

The property is located 3km from the small town of Nisa, with 3 supermarkets, banks, schools, and all kind of stores. It takes a 40 minute drive to reach Portalegre and 45 mins to get to Castelo Branco.

The owners would be very happy to sell this land to people who are interested in taking care of the land ecologically.

Price: 37,000 euros
