

KEV98: Quinta Dolce

10 hectare farm with barn for conversion

Large quinta with a well constructed barn in need of renovation to be habitable. There is also a partly built wooden cabin and a caravan included in the price.

The roof on the barn and cabin be completed shortly.

The present owners have done much work rebuilding stone walls and clearing the tracks on the property, amongst other things, to reveal what was once a beautiful working farm.

100,000m2 of land with with fruit, olive, oak, pine and eucalyptus trees.

The lower part of the land is terraced into nice sized parcels of land with plenty of lush grass, and stone water channels.

Water is from a bore hole, well and a small reservoir. A water tank (over 2000 litres) filled from the bore hole will be completed soon.

The property is very beautiful with much character. Some of the Olive trees are at least 150 years old. The potential for this property goes as far as your imagination will take you.

Located near the town of Castelo Branco which is 14kms away.

Price: 98,000 euros
