

LOK365: Quinta da Pedra Alta

Newly renovated farmhouse plus guesthouse

This farm of 200 years old has been recently completely renovated. Its mixture of authentic details and modern comfort make it a warm and unique place to be. By using natural materials like wood and stone, and by using natural colours, the Quinta is completely in harmony with its surroundings.

The Quinta is divided between a main house and a side house, both inter-connected by a sunny terrace.

The main house has five spacious and well lit bedrooms, two of which have their own balcony. Two bathrooms with original details combined with modern equipment. Spacious farmhouse kitchen. Living room with open fireplace and private terrace.

The side house consists of two bedrooms, each with its own bathroom. The cosy living with adjoining kitchen is the finishing touch.

7,000m² land, part forest and part terraced gardens & agricultural land with many fruit trees, including orange, apple, pear, plum and grape vines as well as 40 olive trees. Very pretty with plenty of space for a pool.

Situated on a quiet lane (almost no traffic) near the village of Covas. The market towns of Tábua and Oliveira do Hospital are both circa 15 minutes drive and have all facilities.

Price: 365,000 euros
